

# MOBILE WALLPAPER SCREENS: HOW TO USE

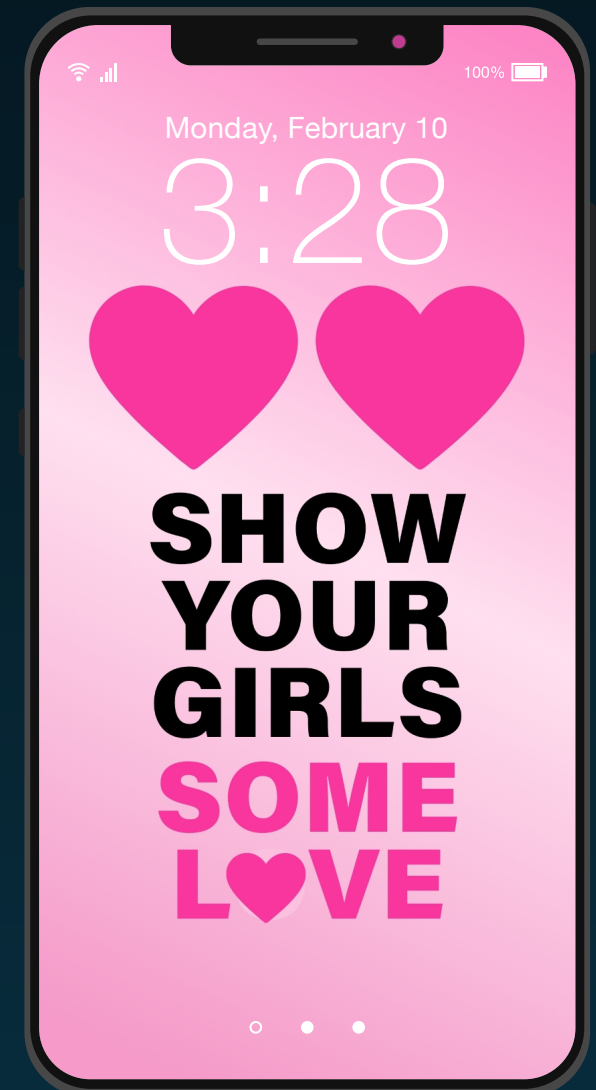

## 1. DOWNLOAD YOUR FAVORITE DESIGN

**2. SET IT UP:** On your phone, go to your settings and select “Wallpaper” or “Background.”

**3. UPLOAD** your Mammo Monster design and set it as your lock screen, home screen, or both!

**4. SHOW IT OFF:** Your phone is now a walking reminder to catch the real monster, breast cancer, and encourage others to do the same.

### PRO TIP:

Share a screenshot of your wallpaper on social media with the hashtags [#PeekABoobs](#) and [#CatchTheMonster](#) to inspire your friends to download theirs too!
